OUR PHILOSOPHY is to represent winemakers and winegrowers who respect their land, their fruit and their craft. By doing so, we naturally gravitate to wines that are lower in production, hand crafted and, often, still privately owned. We feel these producers are most in tune with who we are as an independent restaurant with the same ideals and goals, which is to bring you, our guest, the best possible product while continuing to respect the area we inhabit. If we may be of assistance in showing you something new, please do not hesitate to ask. - Crystal Vessels, Managing Partner & Wine Director
